3. Major Events in last 5 years :-

- CEO reappointment - Infosys reappointed salil parekh as the CEO and MD of infosys during his first term stock price has risen by 165%
- Q3 FY25 earnings - company reported its Q3 results. It posted an 11% YoY growth in consolidated net profit, reaching Rs 6,806 crore, which failed to cheer D-St investors, while revenue from operations increased 8% YoY to Rs 41,764 crore.
- Infosys stock fell nearly 5% to their day's low of Rs 1,832 after the Q3 results.

- d. Sector/FX Headwinds - Broader IT sector weakness, a declining US dollar, and global macro uncertainties contributed to a 14.7% drop in Infosys stock over one month in early 2025.
- e. Acquisitions in 2025 - Acquired MRE Consulting (energy/commodity trading and risk management) for \$36 million, announced April 2025 and completed May 2025. Acquired in-tech (German engineering R&D, automotive/rail sectors) in Q1 2025.
- f. No significant immediate surge in stock price.
- g. Infosys raised its FY25 revenue forecast to 3–4% constant currency growth in July 2024, up from 1–3% earlier.
- h. Q4 FY25 results - Q4 FY25 results saw a significant stock price drop after missing expectations and providing weak FY26 guidance.
- i. 2022–2023: Strong revenue and profit growth, with 2022 seeing over 20% revenue growth and a 36% increase in share price.
